

CINC VendorPay

Powered by **Avidxchange**

A FULLY INTEGRATED ACCOUNTS PAYABLE SOLUTION

VendorPay is the first fully integrated accounts payable solution in community association management, offering clients end-to-end efficiency in their AP processes. It automates the vendor payment process for CINC clients, helping to reduce expenses, eliminate paper checks, reduce check fraud, and minimize other manual processes that can lead to errors and delays.

PROBLEM

Manual payment processing can be a costly, slow and taxing process that can result in error and fraud, can leave staff feeling drained and unmotivated, and can cause frustration among vendors with delays in getting paid for their work, potentially deteriorating important business relationships.

SOLUTION

The increased efficiency of automated payment processing reduces related labor and fixed costs as well as potential for error and check fraud, allows staff to focus on more value-added activities that can lead to increased work morale, and contributes to positive vendor relationships that are critical to managing a community association.

CINC Systems

VENDORPAY

POWERED BY AVIDXCHANGE

Streamline the accounts payable process with the end-to-end efficiency of VendorPay, powered by AvidXchange, the industry leader in vendor payments. This secure platform allows vendors to be paid electronically for a faster and more secure accounts payable solution that is fully integrated into CINC's interface.

FAST

Pay Vendors Faster

Convert paper checks into faster electronic payments for your vendors - improving efficiency and relationships.

SAFE

Eliminate Check Fraud Losses

VendorPay has a clearing account process with AvidXchange - keeping you check fraud free.

PAPERLESS

Save Time & Money

Eliminate check runs and all the manual processes that come with it - postage, envelopes, etc.

INTEGRATED

Login to One Platform

CINC customers don't have to worry about onboarding a new product or logging into another portal to manage their AP payment processes.

If you want to outsource invoice ingestion and initial coding, Strongroom by AvidXchange could be the right solution for you. Contact us to learn more about how Strongroom integrates with CINC.
