

Connected, **together.**

You deserve the best, which is why we spent time vetting technology to find what we believe would best meet homeowners where they are today while also evolving to keep us connected into the future.

Change isn't easy, but, in this case, it is worth it.

Better connected to **better community.**

Our HOA Platform:

Mobile App for HOA

Real time updates from community manager

Book Amenities Online

Meet quorum with online voting

Better transparency with vendors & management

3rd Party Platform:

Payments and financials not synched

No real time updates on violations & ACC requests

Less transparency with community management

No real time homeowner ledgers

No real time work order reviews and submittals
